

wandermelon Journeys presents:

ULTIMATE ARGENTINA

A Complete Experience Designed for Independent Travelers by Professional Travel Writers

It's no secret among experienced travelers that Argentina is the must-see destination of the new decade. Little wonder. Where else can you experience the culture and sophistication of Europe mixed with the passion of Latin America, all in one vast and utterly fabulous destination.

As anyone who has been there can tell you, that is Argentina's attraction and challenge: How to experience the best of such a vast country in a limited amount of time? The solution: wandermelon Journeys' **Ultimate Argentina** experience. Our Journeys are based on a simple proposition: Professional travel writers have privileged access to some of the world's most amazing people, places and experiences. We figured it's time we share them. In the case of Argentina, veteran travel journalist, guidebook author, wandermelon co-founder and Argentina aficionado Eric Hiss has taken his favorite experiences from past assignments there and designed an unforgettable journey that includes the best of Buenos Aires, as well as the chance to dive into the wine and food mecca of Mendoza. We created Ultimate Argentina with the full participation of the five-star travel professionals at **Echelon Experiences**, who are managing the arrangements and can customize your trip if you desire, and consulted with the travel experts at independent travel bookstore, **Traveler's Bookcase**.

This is an independent travel experience you can enjoy solo, with your spouse or partner or with a group of friends. We design the trip, handle all the details, and leave it to you to savor the experience. So, if you've been anxious to visit Argentina, now is the time to stop dreaming and start packing! Buen Viaje!

Highlights of The Ultimate Argentina Experience include:

- Private tours of Buenos Aires’ most colorful neighborhoods, visiting areas like Recoleta, San Telmo and Palermo Soho, where you’ll catch impromptu tango shows, visit inviting boutiques on leafy avenues, and savor freshly baked empanadas from a family-run bakery.
- Have a private tango lesson in a Belle Epoque mansion with a Tony-award winning couple regarded as the best teachers in “BA.”
- Experience BA’s vibrant nightlife enjoying select restaurants, a stellar tango revue in a Philippe Starck-designed theatre and get access to the most desirable bars and clubs.
- Take a break from BA’s pulsing energy the way locals do, by spending a day on the Tigre & Parana River Delta biking, boating and enjoying a languid lunch on a small island.
- Tour Mendoza’s celebrated vineyards set at the foot of the majestic, snow-capped Andes Mountains. Here you’ll taste the world’s best Malbec wine, savor local cuisine and have the chance to linger over a candlelit dinner in a 100-year-old former bodega, or winery.
- Experience Mendoza’s wild side with a guided adventure tour exploring the region’s pristine backcountry, including river rafting and mountain biking in the unforgettably beautiful Andean foothills.
- Should you want to explore some more, we can also arrange for additional adventures in the region including Bariloche, the beaches of Uruguay, Iguazu Falls and wherever else your imagination takes you!

BUEN VIAJE!
